

San Jose Water Company Employee Labor Unions

San Jose Water Company works collaboratively with the Utility Workers' Union of America, A.F.L.-C.I.O., Local 259 and the Operating Engineers Local Union No. 3 of the International Union of Operating Engineers, A.F.L.-C.I.O. San Jose Water recognizes the important role each of its unions and leadership boards have in our success. We share a common commitment to serving our fellow employees, customers, communities and protecting the environment. San Jose Water and its labor unions have accomplished a great deal since the establishment of the Company's first labor union in 1946. San Jose Water looks forward to many more years of building, together with its labor unions, an enduring company.
